Building & Maintenance: The gutters on the rectory were finished today. The cement slab, by cemetery, will be poured in September, and the brick for the bell tower is in. The aluminum, from H.T. window frames, was recycled for \$204. Kiel Lions/Kiel picnic purchased the fryer for \$1,000. Two of our other fryer units are receiving upgrades, for our use. Meggers Plumbing is providing a quote to replace leaking faucets. As of now, it's difficult to find the water shut-off- which will determine, in part, the cost of the project- a low estimate is \$600, but could be higher. Looking to replace the outdoor valves and faucet.

Cost of widows is \$31,739.00 with \$23,133 collected to date. Uncovered expense is \$8,606; the Christian Women have not yet contributed. Binversie wants the windows out of his shop, we will have to find a place to store.

Religious Education: No Report

School Hill Athletic Club/Men's Club: Fan appreciation event went well with a fairly average turnout. They received very nice donations for auction and made \$9,200 on auction items. Paid H.T. \$25 for raffle fee & made \$560 on 50/50 Raffle.

Cemetery Committee: No Report; A new system, using netting for planted grass seed, is being used to prevent wash-out.

Public Input: Dennis mentioned the next Perch Fry meeting is October 6th @6:00pm. Hopefully the new time attracts new members to the committee, as there are no New members.

Old Business: Confirm with Diocese how it perceives SHAC. Request SHAC minutes for Parish Council meetings until liaison if found

New Business:

Suggestion Box: The question: when will the Blood of Christ be offered at Communion again? was asked. Father Robert will provide a write-up, in bulletin, regarding the Body being sufficient, etc.
